Jam Fest All Tournament Teams

The Hoop Group selects an All Tournament Team for every event to recognize some of the top prospects and their fine play. Due the great amount of talent and the sheer size of the tournaments this is a very difficult task and many, many excellent players are not listed. This is not a slight to anyone if they are not selected and it does not mean they did not play well or are not excellent prospects.

The Hoop Group has evaluators at the Jam Fests whose sole responsibility is watching the games and compiling the All Tournament lists. In addition, the scorebooks are painstakingly reviewed to see if there are any other players that had consistent strong tournaments. It is therefore very important that the coaches submit rosters in advance and always put the player's name in the scorebook before every game.
